RESPECTED CITIZEN AND MASON PASSES AWAY

Harvey J. Darst Dies at Home Near Rowland—Funeral to Be Held Sunday Afternoon

Harvey J. Darst, one of Lincoln county's most substantial and respected citizens, passed away at his home near Rowland, a mile east of Stanford, about eight o'clock Friday morning, after a lengthy illness of a complication of ills. News of his death came as a surprise to many of his friends, and few men in this community had more, for wherever he was known he was esteemed and loved for his sterling qualities of mind and heart.

For over forty years he has been a resident of this county, having come here in young manhood from Ohio. He first located at Rowland when the L. & N. shops were there, being a chief train dispatcher. Afterward he engaged in farming, to which he devoted most of his attention during the later years of his life. He was born in Circleville, Ohio, August 13th, 1848, thus being in the 67th year of his life, when he died.

Mr. Darst married Mrs. Jane Owsley, widow of the late Sam Owsley, and she preceded him to the grave many years ago. To this happy union, two children were born, William Darst, who met an unfortunate death on the railroad a number of years ago, and Mrs. J. Owsley Newland, with whom he had made his home for several years.

For many years the deceased had been a consistent member of the Methodist church, faithful to its teachings and exemplifying in his daily life the teachings of his Master. For many years he had also been a loyal member of the Masonic order, being a member of Lincoln lodge No. 60, and he was also a Knight Templar.

Funeral services will be conducted at the home Sunday afternoon short services being held at the house by Rev. C. H. Greer, pastor of the Stanford Methodist church, after which he will be interred with full Masonic honors, with the members of the local lodge in charge of the ceremonies.

Lodge of Sorrow Tonight

Master E. R. Coleman, of Lincoln lodge No. 60, F. & A. M., has called a Lodge of Sorrow for tonight, Friday, to take action upon the death of Harvey J. Darst, a member of the local lodge.

Young Matron Dies in Somerset

Many friends in this part of the state were grieved to learn that Mrs. Edna Somerset, last week, of Somerset, died of pneumonia, and so suddenly that it was a severe blow to the family and a shock to all her friends. She passed away within a few minutes after physicians had been summoned. Funeral services were held at the home of her mother on Main street, conducted by Rev. H. S. Saxby, and the interment followed in the city cemetery. Her little babe rested on her arm in the same casket with its mother. Some time ago, Mrs. Somerset was united in marriage to William Cartright and since that time they had resided in Gatun, Panama, having arrived in Somerset only a short time ago to make this their future home. She is survived by her husband and one little girl, then a year ago, and two brothers, George and Dr. Danridge, and two sisters, Miss Kate and Mrs. Ellis Gooch.

DEATH ENDS SUFFERINGS

Mrs. Sallie Richards, Widow of Capt. Thos. A. Richards, Is No More

Mrs. Sallie Richards, aged 73 years, peacefully passed over the dark river of death at her home in Stanford on Thursday, after a long period of invalidism, in which she bore her sufferings with true Christian fortitude. She was the widow of the late Capt. Thos. A. Richards, one of the most prominent citizens of this part of Kentucky in his prime. Capt. Richards preceded her to the Great Beyond only three years ago. To them were born three children, only one of whom survives, Miss Bessie Richards, who was with her mother when the end came, and who has been a ministering angel to her during her long illness. Two other children, Miss Jennie Richards and Mrs. John E. Patrick, have been dead a number of years. Miss Jennie Patrick, a daughter of the latter, was also with her grandmother when the end came and like her aunt, has been her devoted attendant.

Mrs. Richards was the daughter of the late Benjamin Dunn, a member of the extensive Garrard county family of that name. She was the last of a large family. She married Capt. Richards at the age of 16 years and theirs was a long and happy life together. In early life Mrs. Richards united with the Christian church, and was a faithful attendant upon its services as long as her health would permit.

The remains were taken to Lancaster Friday afternoon for interment in the cemetery there at four o'clock, short services being conducted by Rev. D. M. Walker, pastor of the Stanford Christian church.

ALFALFA LECTURE POSTPONED

Prof. Hendricks Will Be Here Monday—Local Farmers Interested

A large number of prospective alfalfa growers among Lincoln county farmers were disappointed Thursday by the failure of Prof. Hendricks, the State Experiment station expert to arrive here to give his advertised lecture on alfalfa. The lecture, which was to be held at the home of Mr. J. H. Greer, at the courthouse in the afternoon, Mr. Hendricks would be here Thursday, but on account of his plans had to be changed and so sent word that the lecture would have to be postponed until Monday. There were 25 or 30 of the best farmers in the county here that morning hoping to hear Prof. Hendricks, who is a pretty fair indication that the acreage is going to be greatly increased the coming season.

L. P. Nunneley, north of Stanford, is preparing to put in four acres of alfalfa this season, and came in town Thursday to hear Prof. Hendricks. W. D. Gover, who bought the S. J. Bell farm, near Rowland, had unusual success with alfalfa seed upon which he sowed alfalfa seed in February. He scattered the seed upon the bare land, without inoculation or previous preparations and now has a fine stand, as pretty and green as can be.

"Joseph and His Brethren" at Lexington Next Week

The Liebler Co., production of "Joseph and His Brethren" from the Century Theatre, New York, open a half week's engagement at the Lexington Opera house next Monday evening, April 13th, with matinees Wednesday and Friday. The presentation is in every respect the same as that which enjoyed such a highly successful run in New York last year. The original company will be seen and the original production success roles are such recognized favorites as W. T. Carleton, of the famous Carleton Opera House; Henry Harmon, for five years the Russian refugee with William Hodge in "The Man from Home"; the well known Shakespearean actor, Charles D. Herbold; Blanche Fisher and a score more. There is a ballet of twenty-four led by the well-known Viennese danseuse, Helen Prager and there are desert dances, folk songs and cavalcades of horses, camels, oxen, asses, sheep and donkeys in the wonderful stage picture representing the Wells of Dothan.

Scientifically "Joseph and His Brethren" is the most impressively magnificent and dramatic spectacle ever staged in this or any other country. In London the Liebler Co.'s Century Theatre production has been duplicated by Sir Herbert Beerbohm Tree, with Maxine Elliott in the role originated and being played here by Miss Frederick. The English papers have concurred with their American contemporaries in declaring that scientifically, in costume magnificence and dramatic strength, "Joseph and His Brethren" transcends any of its predecessors. The eleven scenes into which the drama is divided are as faithful a representation of desert and Egyptian life in the tradition and historical transcript can make them. The light effects in the different acts are beautiful beyond all description, the most striking of these being the view of the pyramid in the last act, with stars and moonlight feets.

On account of the extreme length of the performance and the vast elaborate nature of the scenery and light effects, the curtain must rise in the evening at eight o'clock, and on matinee days, Wednesday and Saturday, at two o'clock.

LANCASTER POSTMASTERSHIP

Bob Tomlinson Takes a Hand in Game On Behalf of E. P. Brown

The Lancaster postmastership fight took another angle this week when Col. R. H. Tomlinson, one of the democratic wheelhorses of Garrard, took a hand in the game by journeying to Washington in the interest of one of the "dark horses" in the race. A dispatch from Washington Thursday said: Washington, April 9.—R. L. Tomlinson, of Lancaster, a prominent attorney, who was one of the Wilson electors, arrived here today to urge the appointment of E. P. Brown as postmaster of Lancaster. Mr. Tomlinson called on Representative Harvey Helm and probably will see Senator James

PAY \$1000 FOR FINE, BIG JACK

Hubble & Eubanks Get One in Boone County—J. K. Baughman Loses Jack

One of the finest jacks brought to this part of the state for some time was purchased by Senator R. L. Hubble, of Lincoln, and his partner, Mack B. Eubanks, of Boyle county late last week. They secured the animal from a big breeder of jacks and jennets at Walton, Boone county, and he cost them a cool thousand dollars. The new owners plan to use him in breeding extra class mules at their farm in Boyle county, east of Danville. These two gentlemen have been very successful in recent years both in the breeding and feeding of mules that command top prices from the southern buyers. Hubble & Eubanks' new jack is a coming four-year-old and is a good 16 hands in height, a big boned fellow.

State Auditor Henry M. Bosworth, who has a nice farm, a few miles from Lexington on the Versailles pike, last week sold an extra fine jack that he had been feeding for a step price, to A. G. Jeffers, a big mule dealer of Franklin county. Mr. Jeffers said to have paid the popular state official \$500 in cash and to have thrown in as "boot" a pair of mules that were easily worth \$400, making the deal for the jack figure something like \$1,000.

J. K. Baughman, west of Hustonville, this county, who recently lost something like a half dozen mules from eating ensilage, has had some more bad luck but he does not think it was from the same cause. He found an extra nice aged jack that had gotten him a splendid lot of mule colts, dead in the lot one night this week. Mr. Baughman valued the animal very highly and cannot understand what caused his death.

Now Here's Some Real Live News Sure

(From Tuesday's Danville Advocate.)
Selton Sanley, of Stanford, L. M. Smith, of Harrodsburg, and Everett Hoover, of Nicholasville, are being talked of as probable candidates for the Democratic nomination for congress to succeed Congressman Harvey Helm.

The Louisville Times said Tuesday: Dr. W. R. Ray, who was Shelby county's Representative in the last Legislature, is a visitor in Louisville today. "Doc" is still somewhat resentful of the wholesale denunciation heaped upon him by the Legislature by the State press, and thinks the more it is talked and very unjust. Dr. Ray confessed to being tempted to make a race for the Democratic nomination for Congress in the Eighth district, but says he is not yet ready to make a formal announcement. "I don't say so, it is hardly believed that he cares to go back to the Legislature again."

Rockcastle Man Had a Hard Life

William Newcomb, who claims to have served more time and earned more money for the state than any other prisoner in the reformatory, was paroled by the Prison Board Wednesday. Newcomb served ten years of a twenty-one year term for manslaughter and was pardoned. He went home to Rockcastle county, but an unhappy home sent him wrong again and he stole a horse. His sentence was forty years. Born to the wife of John Newcomb, when he came to Frankfort in 1904 to begin serving his second term. A son, who was in kilts when Newcomb was arrested grew to school age in the meantime and by doing odd jobs of tinkering in his cell at night Newcomb earned extra money which helped keep the child in school. He is going to Indiana to live. The boy returned his father's aid by going to Rockcastle county and securing the signatures of leading citizens to a petition for his father's aid in going to Rockcastle now in effect and the Governor signed the paroles.

MEN ON DIRT ROADS TO WORK THEM THIS YEAR

Fiscal Court to Take Advantage of Change in Road Law—More Money Allowed for Road Work, Too

The Lincoln County Fiscal Court, at three days' session last week, made the tax levy for the ensuing year, allowed a number of claims apportioned the road levy to the different roads of the county and bought a traction engine to be added to the road machinery now in use in the county, and which will be used for grading.

Members of the fiscal court say that overseers will be appointed and hands warned out for work on the dirt roads of the county this fall, as was done before the present road law was changed, and as is now permitted under the recent change made in the law by the last legislature. This will enable the men on the dirt roads to pay their taxes by work on the roads. In accordance with the law, the court ordered publication of the delinquent poll and property tax list, which will be done in an early issue of the I. J.

The county tax levy of 50 cents on each \$100 worth of property was apportioned among the various funds as follows: 25 cents for roads; 18 cents for general expenditures; 1 cent to take care of the floating debt; 1 cent to provide a sinking fund for the courthouse bonds; 1 1/2 cents for interest on the courthouse bonds; 2 1/2 cents for the turnpike bonds sinking fund; 1 1/2 cent for interest on the turnpike bonds.

The court allowed the sum of \$8,000 for work on the turnpikes of the county and \$8,000 for work on the dirt roads which is an increase of about \$3,000 to the latter work.

The traction engine bought, cost the county \$1,642, and is a 14-horsepower engine, for which Tom Pence, of this city is agent. He beat 11 bidders who sought to sell an engine to the county.

had been a member of the Baptist church for 50 years, but had been unable for some time to attend services. She often expressed herself, as being prepared to meet her Maker and no doubt she has entered into that sweet rest, she so badly needed. She is survived by six children, thirty five grand children, and four great grand children. The children are Messrs. G. W. Wall of Pleasant Point, John Walls, of Stanford, Logan Wall of this place, Mrs. Catherine Watts, of Maywood, Annie and Eliza Wall, who were living with her at the time of her death. Our hearts go out in sympathy for these dear children, may they put their trust in Jesus, who knoweth best and strive to live so as to meet their dear mother in that better land, where sad farewells are never spoken. After funeral services by Rev. J. A. Singleton, the remains were laid to rest in Pleasant Point cemetery Sunday afternoon.

A HIGH GRADE STALLION

My high bred five-year-old Chestnut Sorrel Stallion will make the Season of 1914 at my barn on the old fair grounds at Hustonville, Ky. He is 16 hands high, weighs 1,200 pounds. He will serve a limited number of mares at \$15 to insure a living colt, season due when mare is parted with, or leaving the county. This stallion is by Ashland Brook and out of standard bred trotting mare. He has proven to be a great breeder, having his colts to show for him. His colts are all saddle colts, with good style and action. Call and see a good horse before breeding time comes.

He will stand at \$10 to insure a living colt. Money due when mare is parted with or left the county.

Voltaire 55140

Percheron Society of America

Voltaire is a handsome Percheron stallion, perfect in conformation and weighs about 1,500 pounds. He has proven himself to be one of the best breeders in the state. His colts show for themselves. Each man thinks his colt is the best.

He has great action for a big horse; can get up and go like a trotting horse.

The progressive farmers are breeding to draft horses more every year. They realize that little, weak teams cannot do the work as it should be done. Lots of our farmers have been ruined by shallow plowing, causing the soil to all wash away. But it was the best that could be done with the teams we had. No successful farmer can afford to pay the price we have to pay now for farm laborers and send them to the field to do a day's work with a small team. So to get the best results you have to have improved machinery and a good big team to pull it with. The only way to do this is to raise big horses and Voltaire is the best big horse in the country to breed to for that kind. He has proven it by what he has done.

Your brood mares will not last always; are you raising any young ones to take their places? Don't you think now would be a good time to do so, while you have such a horse close to you? Voltaire will make the season of 1914 at my place one mile from Stanford on the Danville pike at \$15.00 to insure a live colt.

You Have Nasal Catarrh Not Very Bad, But--- It Bothers You a Good Deal.

Some people have nasal catarrh and know it. Not only the patient knows it, but all of his friends know it. Many people know it that are not his friends. Just those people who happen to meet him in the street car or on the public square.

That sort of a nasal catarrh need not be described. Everybody knows the symptoms without their disgusting recital.

Peruna helps such cases every day. Thousands have attested to this fact unswervingly. Peruna benefits even the worst cases of old nasal catarrh.

But there are cases of nasal catarrh not so evident. One nostril is stopped tomorrow. Cannot breathe freely through the nostrils. Easy to sneeze. Mucus in the nose too thick. Sometimes forms brownish lumps. Catch cold easily. Never quite free of a cold. These symptoms describe a case of subacute nasal catarrh. Many people have it, and some who would not admit they have nasal catarrh.

He knows he must blow his nose freely. He remembers that he does not breathe easily through the nose.

He recalls the fact that he smores some now, whereas he did not previously.

Subacute nasal catarrh! Or we might call it incipient nasal catarrh. Or, still better, nasal catarrh just beginning and becoming chronic.

Now is the time to take Peruna. A little Peruna will do wonders at this stage of the disease. Snuff a little weak salt water every morning (see "Tills of Life," sent free by Peruna Co., Columbus, Ohio), just enough to clear out the nose. Take a dose of Peruna before breakfast. Hold it in the mouth. Let it trickle down slowly and breathe the fumes of it out through the nose as you swallow it.

This will stop an incipient case of nasal catarrh in a few weeks. Stop it entirely. The nose becomes clear again. The breath is sweet. The breathing free. No more sneezing, or snuffling, or sniffing, or catching cold easily. All of these things are in the past.

An army of men and women have been benefited by Peruna. You might as well become one of the benefited ones as to allow it to go on any further.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever, since cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give one Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

READERS OF THIS PAPER

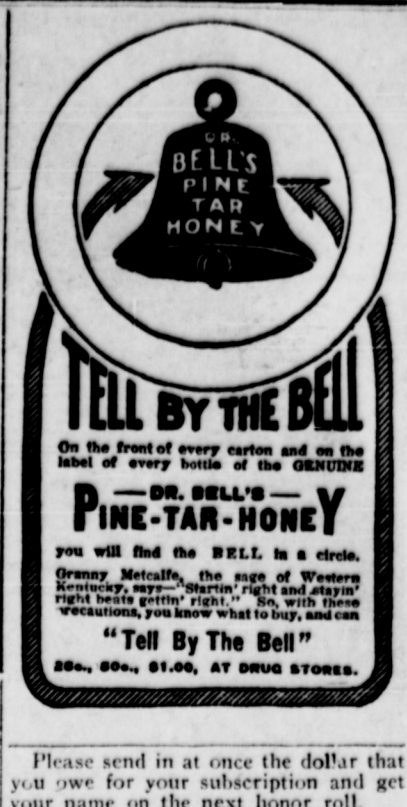

Thousands upon thousands of women have kidney or bladder trouble and never suspect it. Women's complaints often prove to be nothing else but kidney troubles, or the result of kidney or bladder disease. If the kidneys are not in a healthy condition, they may cause the other organs to become diseased.

You may suffer a great deal with pain in the back, bearing down feelings, headache and loss of ambition. Poor health makes you nervous, irritable and may be despondent; it makes any one so.

But hundreds of women claim that Dr. Kilmer's Swamp-Root, by restoring health to the kidneys, proved to be just the remedy needed to overcome such conditions.

A good kidney medicine, possessing real healing and curative value, should be a blessing to thousands of nervous, over-worked women.

USE ARNOLD'S BUGGIES

Actual Facts Present Arguments You Cannot Get Around.

We often hear the remark that "Arnold sells a lot of Buggies because he advertises" and we usually have to smile when we hear this because advertising gets credit for so much.

Do you think for a minute this business of ours would be 10 years old, prosperous, well and favorably known all over this country if we did not have the right kind of construction at the right prices.

Don't say no when you are not sure. But say I won't buy a Buggy until I have seen

Arnold's NEW PATENT Double Reach Re-Inforced Gear
and many other improvements on the 1914 buggy.

One thing we want to get into your system: Money spent for Arnold Buggies is well spent.

To reduce my flock I have a few goats for sale. To one who has "bush" land they are better than a grubbing hoe, more profitable and harder than sheep. Fearless of dogs and better browsers than either sheep or cattle. To clear land, they are invaluable. Call on or address J. H.
